President's Message

Hello Members,

Halloween is a time when creativity and fun take center stage, and some nurses often embrace the spirit of the holiday with enthusiasm. Whether it's a playful character or a spooky theme, it's a great way to connect with colleagues and brighten the atmosphere in the hospital. I've found that these little moments of fun can also make a big difference for patients who might be feeling anxious or down during their stay.

Beyond the costumes, Halloween is a great opportunity to educate patients about health and safety. Use this time to share tips on managing candy consumption and safe trick-or-treating practices, reminding families to keep an eye on allergies and potential hazards. It always feels good to blend a sense of fun with a touch of responsibility, helping everyone enjoy the holiday while staying safe and healthy. Halloween can foster a sense of community and bring a little extra fun into the lives of those we serve. Have fun with the holiday! Happy Halloween!

"Go Save Lives and Love Each Other!"
